- Improved the main website with the use of ReactJS framework.
- Implemented complete client side including features such as Chat, profile section, etc.

BASSETT EDUCATION INDIA – Delhi

Web Development Intern

Sept 2020 – Nov 2020

- Improved the main website with the use of ReactJS framework.
- Implemented complete client side including features such as Chat, profile section, etc.

PROJECTS

- **[AN ONLINE CLINIC FOR DERMATOLOGISTS @ RS.100](#)** - Developed a fully-functional website for a Delhi-based hospital that helps the common people to get appointments with dermatologists only at Rs.100/- as a starting price. It helped me develop a good work ethic and helped me learn how to deal with clients and grow as a Developer.
- **[FACIAL EXPRESSION ANALYSIS](#)** - Analysis and Visualization of Facial Expressions from photos using TensorFlow, Toolkit Interface and other Python Libraries.
- **[SWEET SHOP DIGITAL INTERFACE USING MYSQL AND PHP](#)** - Sweet Shop interface for the tough times that the world has faced during the COVID-19 Pandemic that does not include any physical contact between people to ensure social distancing.
- **[RACIAL MICROAGGRESSION DETECTION API](#)** – Used Machine Learning to construct a model by obtaining a dataset of 75000 tweets which are manually labeled as “hate”, “abusive”, “normal” and “spam” by Twitter to automatically detect Hateful/Abusive/Racist Comments that have been put on the platform that the API has been integrated with.
